

Installation Guide

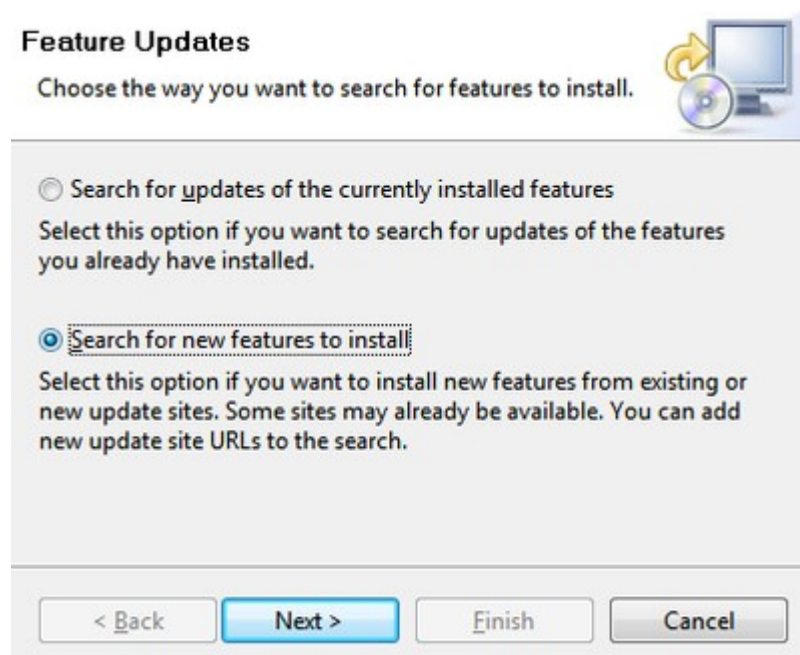

Lotus Symphony Extensions

Step 1: Download the Symphony extension zip file you would like to install.

The PayPal purchase process guarantees automatic download after the purchase confirmation. If you did not wait for the redirection, you can still get the downloads! Go to the Customer Downloads page of the EuroOffice website and enter your email address.

Step 2: Start Lotus Symphony.

Step 3: Select *File>Application>Install* to define new update site.

Choose *Search for new features to install* and click the *Next >* button.

Application Locations

Add the URL, folder, or ZIP/JAR location to install. To Edit or Remove, highlight the location.

Location list: Select the locations to check for available applications.
